

In Response To The Jazz Situation

Yeah, I kinda fucked up there. Just a LITTLE fucky wucky.

... Did you expect an entire post where I defend myself? Fuck no. That's never been how I roll. If you've followed me long enough, you should know I don't go on the defense. Instead, I aim to do damage. Mutually assured destruction and all of that.

So, first off, little commentary on how shit's going. I'm actually shocked at how many people are "Eh" about the situation. Like, I have enough support and people backing me up that I could feasibly stay in this community and just let you guys REE. Fortunately for you guys, however, (and Lio can confirm this,) I've wanted out of this community for a long time now. I was starting to phase myself out. Barrel was the last thing really holding me in.

Speaking of Barrel, isn't that funny? If you people had held off just a week, you would've been able to yeet that all away from me during this and REALLY hit home hard. But instead, you blew it on stupid, inconsequential drama that I ultimately never really regretted. And Lio, the main man behind it, even apologized for handling it the way he did. Bet'cha cunts wished you hadn't removed me then, eh? Would've been able to come at me in my DMs.

Now what? I'll give you guys one thing. The only thing that upset me was Jase ditching me, alongside a couple of other very insignificant people I couldn't care less about. And all things considered, aside from not being able to hang out anymore, it was a pretty respectful call. He wasn't happy by any means, but we stayed on topic and were straight to the point. But aside from that, you kinda ran out of shit to use against me.

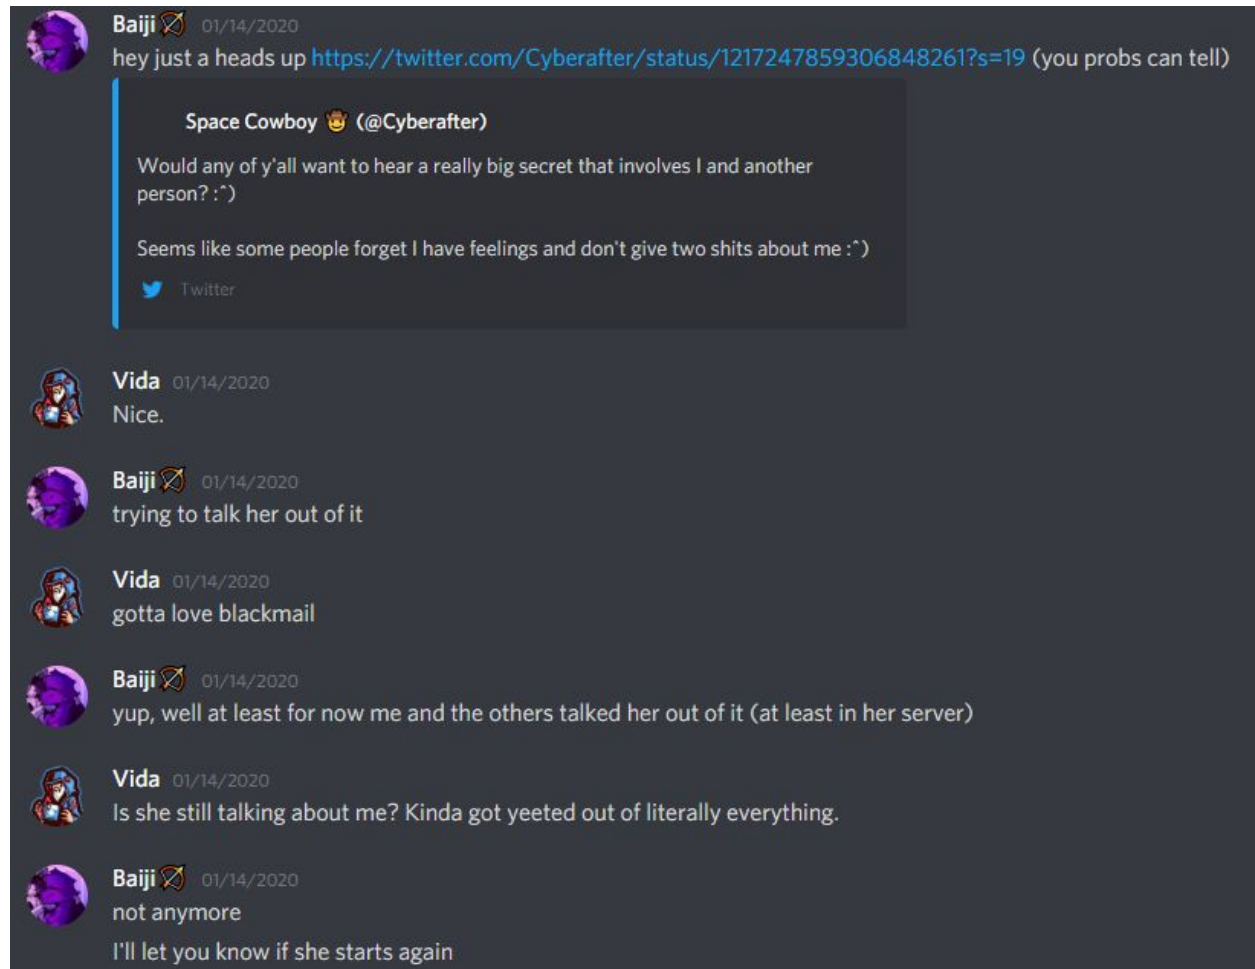

What's going to happen to me is nothing more than happened to anyone else people in this community have gone against for this type of shit. But you can't kick me out of any social circles, since I'm not in any anymore. You can't ban me from cons, I'm ALREADY banned from cons and not interested in going. And what happens with the police when you try to get them to investigate this?

Basically, aside from the one thing mentioned above, there's going to be ZERO consequences for my actions. Let that sink in.

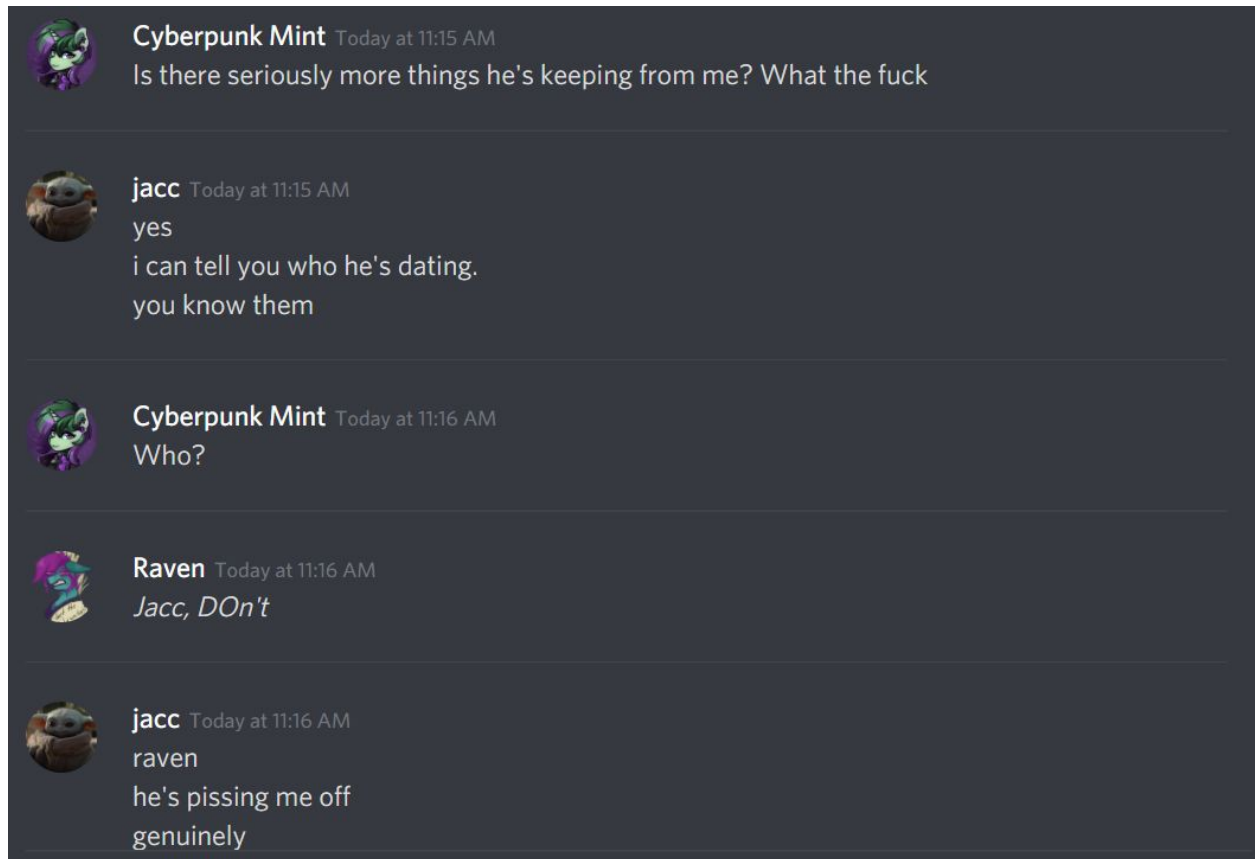

When nothing happens to me, someone you have every bit of dox and detail on, name, address, and all... You'll realize what I said about the Zoophile Police was true. And although you may not be concerned with that anymore, knowing that I get to make my point that it's ultimately worthless is SO fucking satisfying to me.

But enough of that. I'm here to burn some fuckin' bridges. Homeboys are coming down with me. There've been those who have helped to hide all this. And I want to take a few moments of your time to call each one of them out... Alongside Rendrek, who honestly needs to be shown as the two-faced orbiter he is. Because as a wise man once said,

"Allahu ackbar."

First off, a HUGE shoutout to **Baiji** and **Cin**! Both of them managed to get **Jazz** under control in January when she got the grumpy dumpies that I wasn't speaking to her and started threatening me. You guys were probably the longest running bros who kept this shit under wraps. Curious to see if **Cin** is willing to throw **Baiji** under the bus and **Baiji** is willing to be put there to save himself, since there's no direct log of **Cin** admitting to knowing it. I'll watch to find out.

Raven Haywire helped keep it under wrap as well, just to throw in. Raven knew.

Speaking of people who knew, so did **Rendrek** for the longest time. However, nothing blew up *too* much on that front. I think he wasn't sure whether to believe it or not. Or perhaps he didn't want to ruin chances of getting with his girlfriend in the future. So here is my case log of sorts of everything on **Rendrek**. A mix of screenshots posted ages ago and screenshots I just went back and grabbed. Let's go way back to the beginning. If anything comes into question here, you're more than welcome to ask a Barrel member who remains in good standing and credibility.

No, you will not find anything near as bad as what was on me, but it will be here regardless. If my fuck-up is the requirement to be considered massive, though, re-examine your standards. And that's coming from *me*.

Vida 10/02/2018

Also irked you didn't listen when I said that the Rendrek shit was going to backfire on you. And now I'm dragged into it as well, despite telling you to stop.

Cyberafter 10/02/2018

He hasn't turned his back against me for me to believe he's a bad person.

Vida 10/02/2018

Yeah, fine, just don't listen. That's whatever. Just leave me out of it. If it's going to backfire, let it backfire on you alone.

By the way, everyone knows about Rendrek telling you to ask again when you're 18. Someone let it slip the other night.

Cyberafter 10/02/2018

Figured.

Vida 10/02/2018

Wasn't me.

Cyberafter 10/02/2018

No, I know it wasn't you.

Vida 10/02/2018

How do you know that?

Cyberafter 10/02/2018

I told others I thought I trusted as well, guess it didn't go as well.

Cyberafter 10/14/2018

:/ Like I said, it's a crush. Nothing has come from this. A year of talking with him is probably going to flush out my romantic interest in him. What exactly is my type? I actually want to know what kind of guys you think I'm into - aside from Rendrek.

Vida 10/14/2018

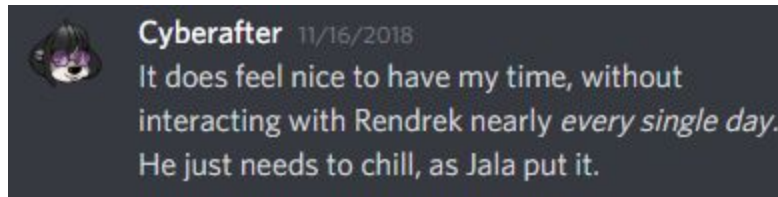

I've stated.

You're clearly into men you shouldn't be.

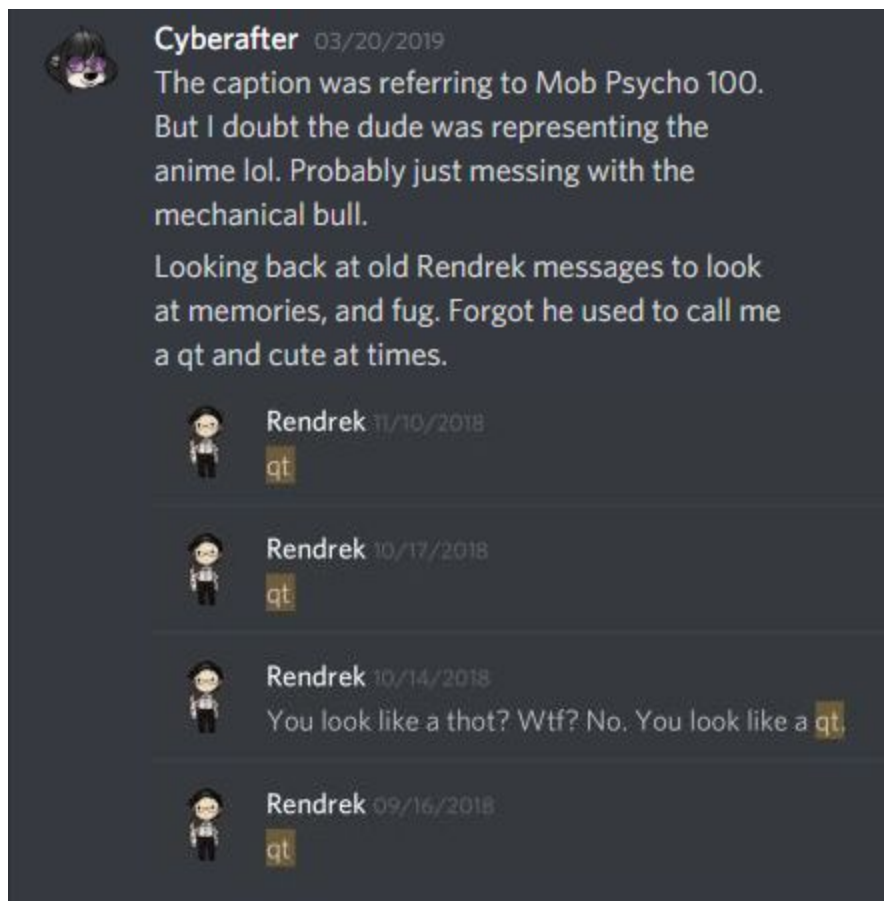

At this point, **Jazz** had asked **Rendrek** out (at the age of 17), expressing interest in him. **Rendrek** did not necessarily shut her down, and instead told her to ask when she's 18.

Yes, there's a date gap there. They're from two separate time frames.

Well, maybe he's just trying to soften the blow, right? It's just a coincidence, surely. Maybe she was told that about something ELSE? ... Not really. It continues on.

Despite that message, he began hanging out with her to an extent that even **Jazz** was uncomfortable with. He became extremely needy and attached.

In early 2019, **Jazz** and **Rendrek** had a bit of a falling out and weren't talking to each other (thanks for the assistance there, **Lio**). She felt sad because "mai fwen is gon ;-," so she ended up looking back at old messages. Namely ones when, while she was still below the age and dating me, he would make a point to call her a "qt" (cutie for those with additional chromosomes).

Wha, no, I'm calling out Vida. I couldn't give less of a fuck about Jazz.

**Charlie Odinoco** Today at 18:30

Why are you calling out vida if he hasn't stepped a foot in here today?

**Rendrek** Today at 18:30

Cuz he's the honcho behind your circlejerk that you've brought in here? He doesn't have to be present.

**Charlie Odinoco** Today at 18:31

You need a hobby
And a therapist

I never desired to make any point other than him being a remorseless little bitch made nigga.

Rendrek is typing...

Cyberafter 07/29/2019

hopefully. i think it's really jerky that rendrek still has this sort of "hate-boner" towards you :/ a bigger one after that whole issue between him and i.

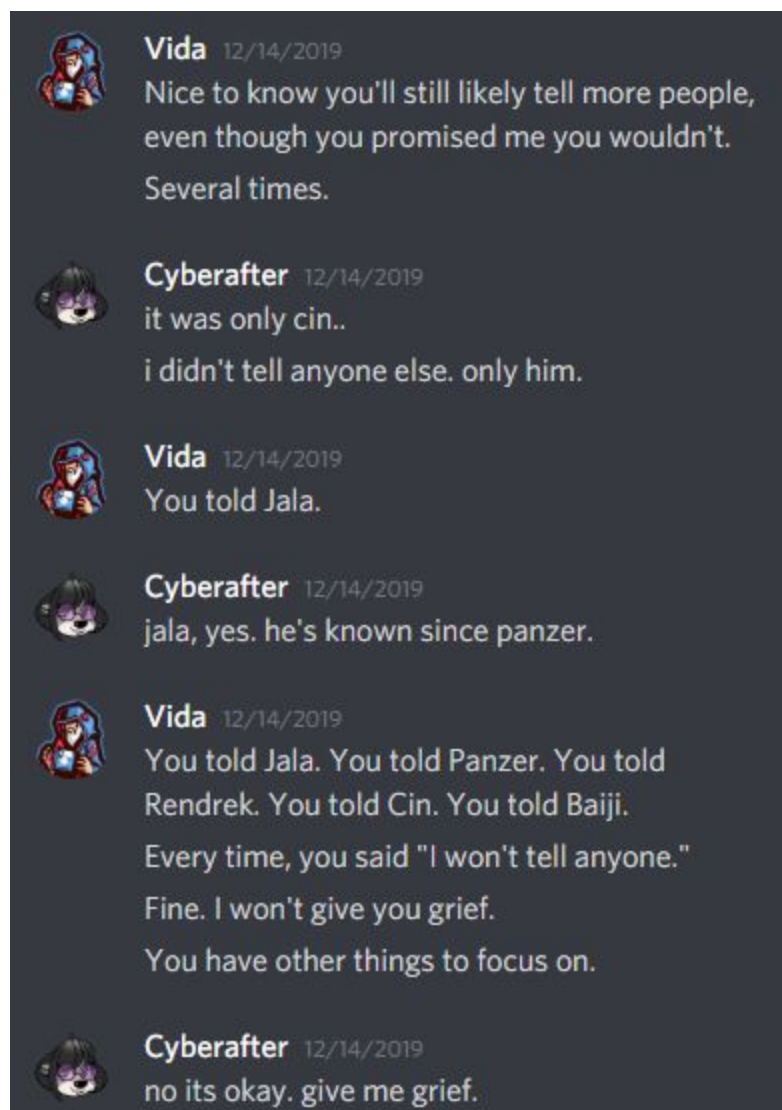

Now I want to post these here to clarify something. By 2019, **Rendrek** had developed a massive hateboner for me. Why? I kicked him out of the room. And his assessment of that was...

Rendrek 07/26/2019

your faggot ass owner kicked me out because i was eyeing his girl lol (edited)

Brilliant, isn't it? An assertion truly worthy of simphood. But luckily for him, he didn't need to wait long to find an opening to swoop in.

I was predictably frustrated with **Jazz** having told so many people and telling them to keep it secret. She's not very good with the whole "Secret" thing. But keep in mind one thing in that screenshot.

*You told **Rendrek**.*

Rendrek knew what he had to do to get **Jazz**. However, it wasn't going to be that easy. He had to wait until he could convince her to flip on me.

Rendrek Yesterday at 11:36 PM

Yeah, funny enough all of Vida's "buddies" in here all turned on him this week.

Doing everything in my power to ensure this wretched little faggot is alone.

Give him the ToonKritic treatment.

And when all is said and done, **Rendrek** gets to let his anger out at me. All that pent up anger he had from being cucked earlier on by me. **Rendrek** gets his girl. For the moment, at least. He's simping his ass off, so she'll stick with him for now. But I know **Jazz**. I've seen every relationship she's ever been in. So I know this won't last.

Now, do I expect this to sink **Rendrek**? Fuck no. I know how people get. They're dead focused on me. But when all that settles, I expect some shady eyes to be cast in his direction. You can't deny it's fucking weird. Up to you guys, honestly. Do you want to go after an orbiter too?

Regardless, **Jazz**, when you're done with **Rendrek** and/or you realize how much you miss **Jala**, feel free to hit me up. I'll do what I can to get him back. But please, before then, learn to control that anger of yours. I'm proud of you growing more confident, though. A HUGE step up from when I introduced you into the fandom. You know how to make friends now. But now the NEXT step is learning to make the RIGHT friends. I'm glad I got to help you so much. Please start by getting Pup out of your room. Say what you want about me, but he was thirsting after you and posts lolicon and shit on the daily, while roleplaying as a dog. Shit's gross.

I'm happy with my time in this community. No drama youtuber name was more feared than "Vida." Christ, my name became outright banned in multiple places. I made splash after splash. Ruined a con's reputation and sunk another one in its tracks. I accomplished more than enough to be happy with my time here. No regrets. Although it's gotten boring, so this is more of a blessing than anything. Everything works out the way it does for a reason.

You know how to reach me. I'll be chilling with **Mint Heart** and my other brothers in the mean time.

No "Toonkritic Treatment" for me.

By the way, **Lio**, your wedding shoes are comfy as fuck!

P.S. Vida Man Bad

P.P.S. Oops, my hand slipped:

P.P.P.S. I've been a part of multiple other communities for ages, so this doesn't really affect me.

P.P.P.P.S. I'll look around for more dirt on people to release from Barrel and elsewhere, though, so keep an eye peeled. If anybody but **Jazz** needs me, hit up **Lio**. Whether he likes it or not, he's the only way to communicate with me that you have now.

Rendrek Yesterday at 5:38 PM
